FEDERAL BUREAU OF INVESTIGATION  
WASHINGTON, D. C. 20535

To: FBI, San Juan (105-12315)

Date: April 16, 1970

FBI File No. 105-202663

Re: MOVIMIENTO INDEPENDENTISTA  
REVOLUCIONARIO EN ARMAS (ARMED  
REVOLUTIONARY INDEPENDENCE MOVEMENT)  
(MIRA), aka;  
IS - PRN

Lab. No. D-700323106 KU

Specimens received 3/24/70

- Q125 Three-page letter dated 2/3/70 written in Spanish language, beginning "Hugo & Ruben..." and signed "Joaquin"
- Q126 One-page letter written in Spanish language, dated "26 de enero de 1969," beginning "Hugo: Tenia la personal..." and signed "Alberto"
- Q127 Sheet of torn paper bearing handwriting in the Spanish language beginning "Instrucciones..."
- Kc4 Photocopy of "Historial Personal" bearing known handwriting of [REDACTED]
- Kc5 Photocopy of "Notificacion De Nombramiento Y Juramento" bearing known hand printing and signatures of [REDACTED]

Result of examination:

Due to the limited nature of the available known material, it could not be determined definitely whether any of the questioned handwriting on Q125 and Q126 was or was not prepared by either of the writers of Kc4 or Kc5. This is particularly true of Kc5 which is almost entirely hand printing and cannot be adequately compared with the questioned handwriting submitted.

The submitted evidence was photographed and Q125 through Q127 are returned herewith. Specimens Kc4 and Kc5 are retained.

Remarks:

*b7c*  
For your investigative assistance only, from such a limited examination as was possible, handwriting differences were noted when Q125 was compared with Kc4, the handwriting of [REDACTED]. It will be necessary to have known handwriting of [REDACTED] if an adequate examination is to be conducted with respect to this individual. Also, it is suggested that if the original documents cannot be obtained, clear, actual size photographs of those documents be submitted instead of photocopies of the type comprising Kc4 and Kc5. Such photocopies do not ordinarily contain sufficient handwriting detail for adequate comparison purposes. It is suggested that a clear, actual size photograph of the Kc4 document might be of value.

A photograph showing the faded writing on Q127 is enclosed for the use of San Juan.

Document # [REDACTED]

A plan of action including acts of sabotage with specific targets [REDACTED] is shown here along with [REDACTED] - no specific meaning is given to this terminology. An undated letter to [REDACTED] asking [REDACTED]

[REDACTED] There is  
nothing in the documents reviewed that would conclusively  
indicate that [REDACTED] is identical with [REDACTED]
